ROYDELL'S SHAKSPEARE GALLERY - We look el in at Dr. Spooner's, 106 Liberty at. yesterday to observe the specess of an attempt now in progress in our City, to renovate the plates of the famous Boydell's Shakspeare. These plates, one hundred in number, and of the largest size, were got up at an enormous cost, designers, painters and engravers having been engaged at the most prodigal rates, and the whole artistic talent of Great Britain laid under contribution to produce a gallery worthy of Shakapeare. The whole was issued at some \$500 for the series, and the plates were in due time worn to dimness and comparative worthlessness by the demand for impressions. Having sion, and, in the judgment of our artists and connoisseurs, with complete success.
